I remember like it was yesterday I was in the hospital and it was Dec 26, 2011 as I laid in the bed I said I don't believe I will see my 36th birthday! I had a pulmonary embolism at that moment I thought it was not the cancer that would be the cause of my death the blood clot would.....I am here able to say on January 22, 2014 I was able to see my 38th birthday! He's able to give us far more than we can ever think or imagine...for me that was 2 additional years of life	An anonymous requester
